I am sorry to hear Brad is transferring. It sounds like he has been really useful to Region 5. However, it is good that he is not leaving EPA.

Nope – he accepted a job in the TSCA Wash. DC office and his last day was Tuesday! I called to talk to him about the Chemours Enforcement call but instead, ended up giving him the “congratulations” talk (while crying inside).

Hi Kim,

I agree our programs should meet. Also, is Brad retiring?

Thank you,
Jenny

Hello All – Wanted to share a letter that our Region was cced on regarding the WV Chemours facility. Given that they discharge to the Ohio River in R5 and that the Region 4 facility is also referenced in this letter, wanted to be sure you were all in the loop. It also references the 5(e) consent order issued by HQ.
